RE: Measure F, on the November 8, 2022 ballot, for the Red Bluff Union ESD

Dear Parent/Guardian,

The Red Bluff Union Elementary School District has been providing dedicated and excellent educational services to local students since the formation of the District. Currently, the District educates approximately 1,800 students at the District's four schools. It is through the hard work and dedication of teachers and staff that directly contribute to the education and success of our children.

Although our elementary schools have had some major renovations recently through the successful passage of Measure C, our work is not done. It's time to finish our plan to fully renovate all our schools and provide quality education to our local children. Faced with outdated classrooms and the need to bring school facilities up to current standards, the District and Board of Trustees decided to place Measure F, a school improvement general obligation (G.O.) bond measure, on the November 8, 2022 ballot to modernize and renovate our aging schools.

Over the last several years with input from staff, teachers, parents, community leaders, and an architect, the District has prepared a School Facilities Needs Analysis. The Needs Analysis identifies the major repairs and upgrades that need to be made.

Specific projects identified include:

- Repairing or replacing leaky roofs
- Replacing outdated heating, ventilation and air-conditioning systems
- Upgrading inadequate electrical systems
- Replacing deteriorating plumbing and sewer systems
- Making health, safety and handicapped accessibility improvements
- Replacing portable classrooms with stick-built structures.

The attached Frequently Asked Questions (FAQ) handout is provided to assist parents, guardians, and voters in understanding the facts behind Measure F and how its passage will affect the District, our children and the community. Please take a moment to review the FAQ, and feel free to reach out to us should you have any questions on this important issue.

Sincerely,

Cliff Curry
District Superintendent

Adriana Griffin
Board President
